

Product Compliance Certificate

Certificate Number: 3175174-OK-12-206-01A

Certification is based on the type testing according to below named standards and production is monitored by an Initial and Annual Follow up Inspection Service.

Notice to Authorities:

This certificate indicates that a third party Accredited Body has tested and verified that the products listed comply with the relevant harmonized standards to directives listed on this certificate. The manufacturer may indicate compliance to said directive by signing a Declaration of Conformity to products identical to the tested samples.

In addition, annual factory inspection has been performed for further verification of compliance. Intertek requests all whom may be concerned to allow products entry into the European market without delay or prejudice. The applicant may rightfully use this certificate to mark their products with the ETL^{EU} mark identified above.

Intertek is a leading international provider of quality and safety services to a wide range of global and local industries. Intertek's laboratories are included in IECEE CB scheme as operational CBTL and hold several local accreditations.

Product Name

Digiplex EVO High Security and Access System

Trademark

Paradox

Model Number(s)

EVO192, ZX8, TM40

Description

The Digiplex EVO System is an advanced technology security system consisting of the EVO192 Control Panel including the control board, ZX8 8-Zone Expansion Module, K641 LCD Keypad, and the TM40 Touch Interface Module.

The Digiplex EVO192 Control panel has 8 on-board zone inputs (16 with zone doubling) that is expandable to 192 zones via the 4-wire combus. The digital combus provides constant power, supervision, and two-way communication between the control panel and all its modules. The control board contains 5 on-board solid-state PGM outputs. It will support 254 expansion bus modules. It also contains the following: 999 user codes, 8 partitions, 2048 events buffered, 1 supervised bell output, auxiliary output, and telephone line. The zones can be configured as an entry delay, follow, instant, 24 hr. buzzer, 24 hr. burglary, 24 hr. hold-up, 24 hr. Gas, 24 hr. water, 24 hr. freeze, delayed 24 hr. fire, standard 24 hr. fire, and stay delay.

Classification of installation and use: Security grade 3, Environmental class II

Test Report No

100484764MIN-012EU

Standards/Directives

EN 50131-3: 2009, tested in accordance with A2LA accreditation to IEC/ISO 17025:2005, Certificate number 1427.01

National Differences have not been checked.

Issued Date

March 1, 2012

Validity

March 1, 2017

Maximum 5 years or the validity limitation of the standards/directives used, whichever is sooner.

If the product is to be marketed in different European countries, it must be provided with a certified plug appropriate for each country. Safety related parts of the user instructions shall be written in a language acceptable to the country where the product is to be used.

This certificate, which includes production control, is considered to constitute sufficient support for an EC Declaration of Conformity and CE marking of the product according to the Low Voltage Directive 2006/95/EC. Other EU directives may apply.
